- Collect the latest market information

What Our Exhibitors Have To Say

"The Philippines is a fast developing country in Southeast Asia and we would like to explore the market opportunities by participating in Water Philippines 2017. We truly appreciate UBM's support towards us and we will be here again in 2019 as well as in Asiawater 2018."

Mr. Takeshi Watanabe
Deputy General Manager,
International Sales Division
Tsurumi Manufacturing Co., Ltd

"We focus on water and wastewater treatments. We have partners from Japan and Germany and we use their components in our designs. Water Philippines is booming and getting bigger and I will actually reserve for the next show in 2019. To UBM, keep up the good work and keep on bringing new technologies to the Philippines."

Mr. Francis Ramos
President and CEO
Exotherm, Inc.

"RE EE Philippines 2017 is actually a good show and we've been experiencing a lot of crowd and we are getting a good turnover of customer base. I am confident that this show will be more successful in 2019."

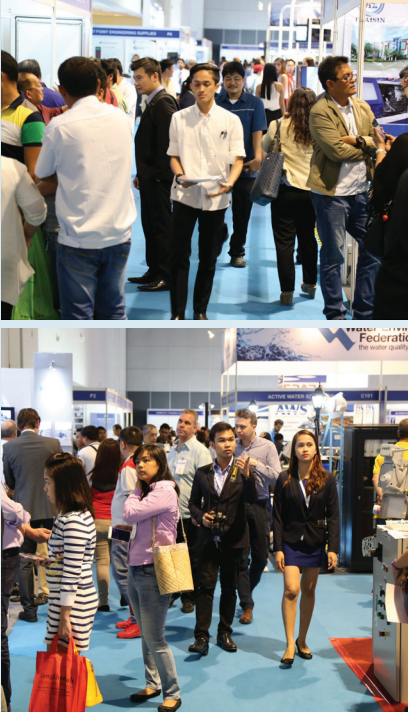

Mr. Arun Kumar Jalua
Country Manager - Philippines
Hensel Electric India Pvt Ltd

"We are a global wind energy supplier and as part of our activities to develop new markets in the Philippines, we are participating in RE EE 2017. I think this is really a good start and congratulations for a successful launch of RE EE Philippines."

Mr. Ad Villao
Business Development
Emergya Wind Technologies BV

What Our Visitors Have To Say

"I am looking for more products and technologies here at Water Philippines 2017. I was able to find lots of new innovations in terms of water management and also pumps and piping systems."

Mr. Wilson Orejola
General Manager
Wilcore Engineering
Services, Philippines

"I am meeting a customer here at Water Philippines 2017 and I also want to explore more about the Philippine market. I was able to find some suppliers here and also the show is really big and organized."

Mr. George Liong SP
Business Manager
Earthen Chemicals Sdn Bhd,
Malaysia

"I believe that Philippines is an important market when it comes to water and energy industries. By visiting Water Philippines and Renewable Energy Philippines, it allows me to explore new solutions and innovations for my company. I hope to see more energy companies for the next round of RE EE Philippines 2019."

Mr. Anthony Watanabe
Managing Director
Asia Clean Innovations, Thailand

"This is my first time visiting Water Philippines 2017 and it's a good chance to see what's going on with the Philippine market and to check out the new trends. Water Philippines 2017 is really well-organized and it's very easy to register."

Dr. Neil Hartstein
Project Manager
Aquadynamic Solution Sdn Bhd
